Feeding can be complicated; age, breed, gender and exercise regime all play a part in your animal's overall condition and nutritional requirement. All animals always need free access to plenty of fresh cool water and a regular worming regime. We recommend you seek professional advice from your veterinarian or poultry nutritionist should you require any further assistance in enhancing performance and condition of your animal.

To the maximum extent permitted by law, Castlereagh Feeds shall not be held liable for any losses resulting from the use or misuse of information contained on this brochure.

# SUREFIRE

## Wheat based Scratch Mix

## SUREFIRE IS THE HEALTHY CHOICE FOR AN ALL NATURAL GRAIN SCRATCH MIX FOR HEALTHY CHOOKS.

SureFire is the ideal feed for healthy egg and meat production in free range birds. Just spread in the yard to encourage your chickens to peck the feed and explore their pen. When used in conjunction with Castlereagh Feed 'N' Fire Layer Pellets or RapidFire Layer Mash you will have happy & healthy birds.

-  100% All natural, premium grain mix!
-  Processing is minimal to help every grain hold it's natural goodness that can be lost through over processing, cooking or extruding. Our gentle steam process locks in the natural nutrition for easier digestion & absorption.
-  Castlereagh's specialised formula provides a nutritionally balanced feed in every mouthful.
-  SureFire scratch mix is medicine free and therefore will not harm your horses, equids, dogs and other live-stock if they accidentally break into the feed shed.

### Ingredients
