HIGH PROTEIN RABBIT PELLETS THAT WILL MAKE 'EM BREED LIKE RABBITS

All natural rabbit pellets for healthy rabbits that will make them look good and feel great. Contains high quality lucerne meal for wholesome roughage and has the added benefit of being a natural source of vitamin C.

A high protein, fixed formula pellet is ideal for growth and development for rabbits of all ages.

100% all natural grains carefully selected from non genetically modified crops sure to keep your rabbits healthy.

Low grain, no oat content provides slow release of cool energy, minimising digestive disturbances.

Excellent feed conversion rate.

Processing is minimal to help every grain hold it's natural goodness that can be lost through over processing, cooking or extruding.

Our gentle steam pelleting process locks in the natural nutrition for easier digestion & absorption.

933 Castlereagh Road,
Castlereagh NSW 2749

Castlereagh bags are not water proof or UV resistant and must be stored in a cool, dry, covered area out of the weather and direct sunlight. All grain products will attract pests and rodents, to avoid contamination we recommend keeping this product in a sealed, sturdy container. Feeding can be complicated; age, breed, gender and exercise regime all play a part in your animal's overall condition and nutritional requirement. All animals always need free access to plenty of fresh cool water and a regular worming regime. We recommend you seek professional advice from your veterinarian should you require any further assistance in enhancing performance and condition of your animal. To the maximum extent permitted by law, Castlereagh Feeds shall not be held liable for any losses resulting from the use or misuse of information contained on this brochure.
